FOUR-WEEK ROLLOUT

THE RELEASE LABEL VISUALS CHECKLIST

So you're launching a new single, EP, or album, and you need to keep track of all the visual assets you need to create and upload in one place. Great! We're here to help. Here's what one four-week rollout plan looks like:

4i RECORDS UPDATED SEPT 2026 FOUR-WEEK PLAN

Week 1

PRE-PRODUCTION

- ☐ Your single, EP, or album is finished and ready to be uploaded for distribution
- ☐ Vision board created — design your world before you shoot in it
- ☐ Pre-production for the shoot begins

Whether you're shooting a visualizer, a lyric video, or a full on music video production, preparation is key. Here are some things to consider during the planning of your visual shoot:

- ☐ Shot list
- ☐ Props list
- ☐ Costume + makeup looks
- ☐ VFX shot list for post
- ☐ Audio-visual script, if shots need to be specific to song timecode
- ☐ Cast and crew call posted to social media to recruit your team
- ☐ Location scouting, according to local laws
- ☐ Call sheets drafted and sent to the team before shooting
- ☐ Production shot list created and sent to the team before shooting
- ☐ List of desired BTS shots created and sent to your BTS photographer and videographer
- ☐ Crafty (snacks) and meals planned for cast and crew on shoot days
- ☐ Equipment list built with your crew, rentals reserved

Week 2

PRODUCTION

- ☐ Visuals + BTS shot
- ☐ Cover art selected and created
- ☐ Key stills selected and edited
- ☐ Song uploaded and scheduled for release with cover art
- ☐ First teaser post created + posted, using BTS video from the shoot, clips from the shots, and/or key stills

Week 3

ROLLOUT

- ☐ New key stills uploaded as profile pictures and banners to Amazon Music, YouTube Music, Spotify, and Apple Music
- ☐ Main visual edited (long-form music video)
- ☐ 3–5 clips selected from the main visual edit, exported in various social sizes
- ☐ First 3–5 clips posted

Week 4

RELEASE

- ☐ Song is released
- ☐ Top performing clips re-edited with different hooks and re-posted
- ☐ 3–5 more clips edited and posted, emulating what worked in the first batch
- ☐ Spotify Canvas uploaded
- ☐ Clips posted across TikTok, Instagram, and YouTube:

YOUTUBE

Long-form BTS videos, the full visual video, community posts with stills, and Shorts in clip form.

INSTAGRAM

Trial reels with lyric video content, clips from the music video, BTS posts with stills, a cover art post with the linked audio as a single, fun BTS highlights as reels, and a CTA in bio with YouTube and streaming links.

TIKTOK

BTS videos, clips of your process, what the song means to you, how you edited and planned the shoot, what's coming next, reflections on what's working and what isn't.

Week 5 +

KEEP GOING

Keep posting your clips, doubling down on what works, and moving on from what doesn't. Remember to stay creative and have fun with it.

PRO TIP

Don't get sucked into the metrics. If it fulfills you, excites you, or makes you proud, that *is* working.

SIZES FOR ASSETS

PLATFORM	ASSET	DIMENSIONS	FORMAT & LIMITS
SPOTIFY	Artist profile picture	750 × 750 (1:1)	JPEG or PNG · max 20 MB · .gif accepted but displays static
	Artist header / banner	2660 × 1140 min	JPEG or PNG · .gif accepted but displays static
	Canvas	720 × 1280 (9:16)	MP4, 3–8 sec, no audio track, loops clean
APPLE MUSIC	Artist image	2400 × 2400 preferred 800 × 800 min	JPG, PNG · 72 dpi · no text, borders, logos, or URLs
	Motion artwork	Square, matches cover	Submitted through your distributor, not the artist portal
AMAZON MUSIC	Artist profile picture	500 × 500 min (1:1)	JPEG, PNG · max 15 MB
	Artist banner / background	1920 × 1440 min	JPEG, PNG
YOUTUBE & YOUTUBE MUSIC	Channel banner	2560 × 1440 recommended 2048 × 1152 min	JPG, PNG · max 6 MB
	Banner safe area	1546 × 423	Keep all text and logos inside this — it's what phones show
	Channel profile picture	800 × 800	JPG, PNG · crops to a circle
	Video thumbnail	1280 × 720 (16:9)	JPG, PNG · max 2 MB
SOUNDCLOUD	Profile picture	1000 × 1000 min (1:1)	JPG, PNG · max 2 MB
	Header	2480 × 520 min	JPG, PNG · max 2 MB
DEEZER	Profile picture	500 × 500 (1:1)	JPG
	Channel banner	1800 × 230 min	JPG · max 6 MB
Tidal	Profile picture	1000 × 1000 (1:1)	JPG · max 10 MB
BANDCAMP	Profile picture	600 × 600 (1:1)	JPG, PNG
	Header	975 × 40–180	JPG, PNG
	Album artwork	2000 × 2000 min (1:1)	TIFF, PNG, PSD
Distribution	Cover art	3000 × 3000 (1:1)	JPG or PNG, RGB · no URLs, prices, or store logos
SOCIAL EXPORTS	Reels / TikTok / Shorts	1080 × 1920 (9:16)	MP4, H.264
	Instagram feed	1440 × 1800 (4:5)	MP4, MOV, or JPG
